

GRVS (Business Cafe) is an accredited services provider of **AFISWITCH** and **MIE**. We specialise in providing verification services or as also referred to as background screening in South Africa and globally where individuals or organisations require the service.

The purpose is to verify information and or credentials given by an individual and or entity so that a conclusion whether they have disclosed the information accurately, is established.

Verification Services (checks, screening, or investigations) are the reviewing of an individual or organization to identify any potential threats or risks that may not be visible without further exploration. The process includes criminal, financial and commercial, qualification, social media, and other records to give you a better understanding of the person or organization you are engaging with, to assess and make a well-informed decision based on factual and unbiased results.

It balances the probability that all information has been considered before committing to a decision.

Sectors we serve are amongst others:

Individuals, Educational sector (SACE registration), Construction Industry, Housing Estates, Hospitality sector, Financial Services, Retail sector, FIC compliant required businesses, Non Profit organisations and Local Government.

Our Comprehensive Range of Verification Services include the

- Adverse Financial History (ITC)
